Appropriate protective clothing should be worn when cleaning, and protective clothing should be changed between properties. Gloves should also be changed / sanitised upon completing the cleaning of a room and when changing between cleaning and putting out clean items e.g. putting on bed linen, taking clean items out of the dishwasher and putting out fresh consumables.

Cleaning Check List

Our antiviral surface cleaner both cleans and sanitises. Duo Max hand spray should be sprayed onto the surface to be cleaned, left to work for 1 minute, and then wiped off with a cloth.

Consideration should be taken to address the impact of children as well as adults: touching lower wall heights and parts of furniture.
